Subject: Dairy Inspection Reports

Hello Jennifer and Gilberto,

Thank you for ensuring our inspections at R.V. Dairy and Double Creek Dairy in March went smoothly. Mike and I appreciated you showing us what you were looking for in comparing WMP and NMP to annual reporting at the facilities. I wanted to confirm with you that we will be issuing reports for both inspections on behalf of the EPA. Will you be writing your own reports? We will send you our reports, and we'll invite any comments you may have, but if you are writing reports we'd also like to make sure our conclusions do not conflict as this was a joint inspection.

Additionally, if you can send us the Waste Management Plans for R.V. Dairy and Double Creek Dairy, this would be very helpful for the reports. I appreciate your assistance.

Thank you,

Dan Kostek
